Grafton, WI, U.S.A.— Tecumseh Power Company, headquartered in Grafton, Wisconsin, U.S.A. is pleased to announce the purchase of Tecumseh U.K. Ltd. from Tecumseh Europa S.p.A. The Tecumseh U.K. operation will become known as Tecumseh Power International, Ltd. This reinforces Tecumseh Power's commitment to the European, Australian, African, Asian and Pacific Rim markets.

The Tecumseh U.K. facility has been in operation for 43 years and serves the industry through some 70 distributors with over 6,000 dealers in more than 45 countries. The experienced staff, located in both the U.K and central Europe, will be responsible for OEM sales and distribution of service parts for Tecumseh engines, transmissions, hydraulic and gear drive products.

Tecumseh Power Company is a subsidiary of Tecumseh Products Company, a full line, independent global manufacturer of hermetic compressors for air conditioning and refrigeration products, gasoline engines and power train components for lawn and garden applications, industrial pumps, and small electric motors.

Over its 75 year history, Tecumseh has developed and manufactured products that are deeply ingrained in the lives of millions of consumers worldwide. With corporate headquarters in Tecumseh, Michigan, Tecumseh Products Company operates in over 120 countries.
